BE MORE CERAMIC

## Constantly developing quality evolution

Atlantic Tiles bases its direction on prestige, commitment and innovative spirit in the ceramics sector.

In technology, design and production, our premise is continuous development.

In a rapidly changing environment like the world of today, our main concern is focused on customer satisfaction, offering a wide range of higher-quality products with designs that are more in line with the latest trends. Consequently, we adapt so that we meet the highest demands, as well as the new uses and scenarios required by consumers.

Our focus is on quality. We implement the strictest tests on our products and processes and we provide tiles that combine the tradition of Spanish ceramics with the latest cutting-edge developments. We strive to allow our clients to imagine, create and build the most demanding spaces with ceramics.

## Une qualité en constante évolution

Atlantic Tiles a fondé son activité sur les valeurs du prestige, de l'engagement et sur une vocation d'innovation dans le domaine de la céramique.

Notre raison d'être, en matière de technologie, de conception et de production, est d'évoluer constamment.

Dans un milieu aussi changeant que le monde dans lequel nous vivons, nous avons choisi de nous concentrer principalement sur la satisfaction de nos clients, en leur offrant une gamme variée de produits de la meilleure qualité et de modèles qui suivent au plus près les tendances actuelles. Nous répondons ainsi aux exigences les plus élevées et nous nous adaptons aux nouvelles utilisations et aux nouveaux cadres définis par les consommateurs.

Nous misons sur la qualité. Nous procédons à des contrôles extrêmement poussés de nos produits et de nos processus, qui allient la tradition de la céramique espagnole aux nouveautés les plus avant-gardistes. Nous mettons tout en œuvre pour que nos clients puissent imaginer, créer et construire les créations céramiques les plus recherchées qui soient.

A close-up photograph of a dark wood grain, showing natural patterns and textures in shades of brown and black.

# Style and modernity merge into a single concept.

Being ahead of our time, we stand out for our abundance of styles and finishes. Innovative designs that are not only part of a space, but become part of its soul.

# La mode et l'avant-garde s'allient en un seul et même concept.

Nous sommes en avance sur notre temps et nous nous distinguons par l'abondance de modèles et de finitions que nous proposons. Des modèles innovants qui ne se limitent pas à faire partie d'un espace mais qui en définissent l'âme-même.

An abstract background featuring overlapping, semi-transparent geometric shapes in shades of grey and white, creating a layered, architectural effect.

# From extensive research and innovative design, purity is born.

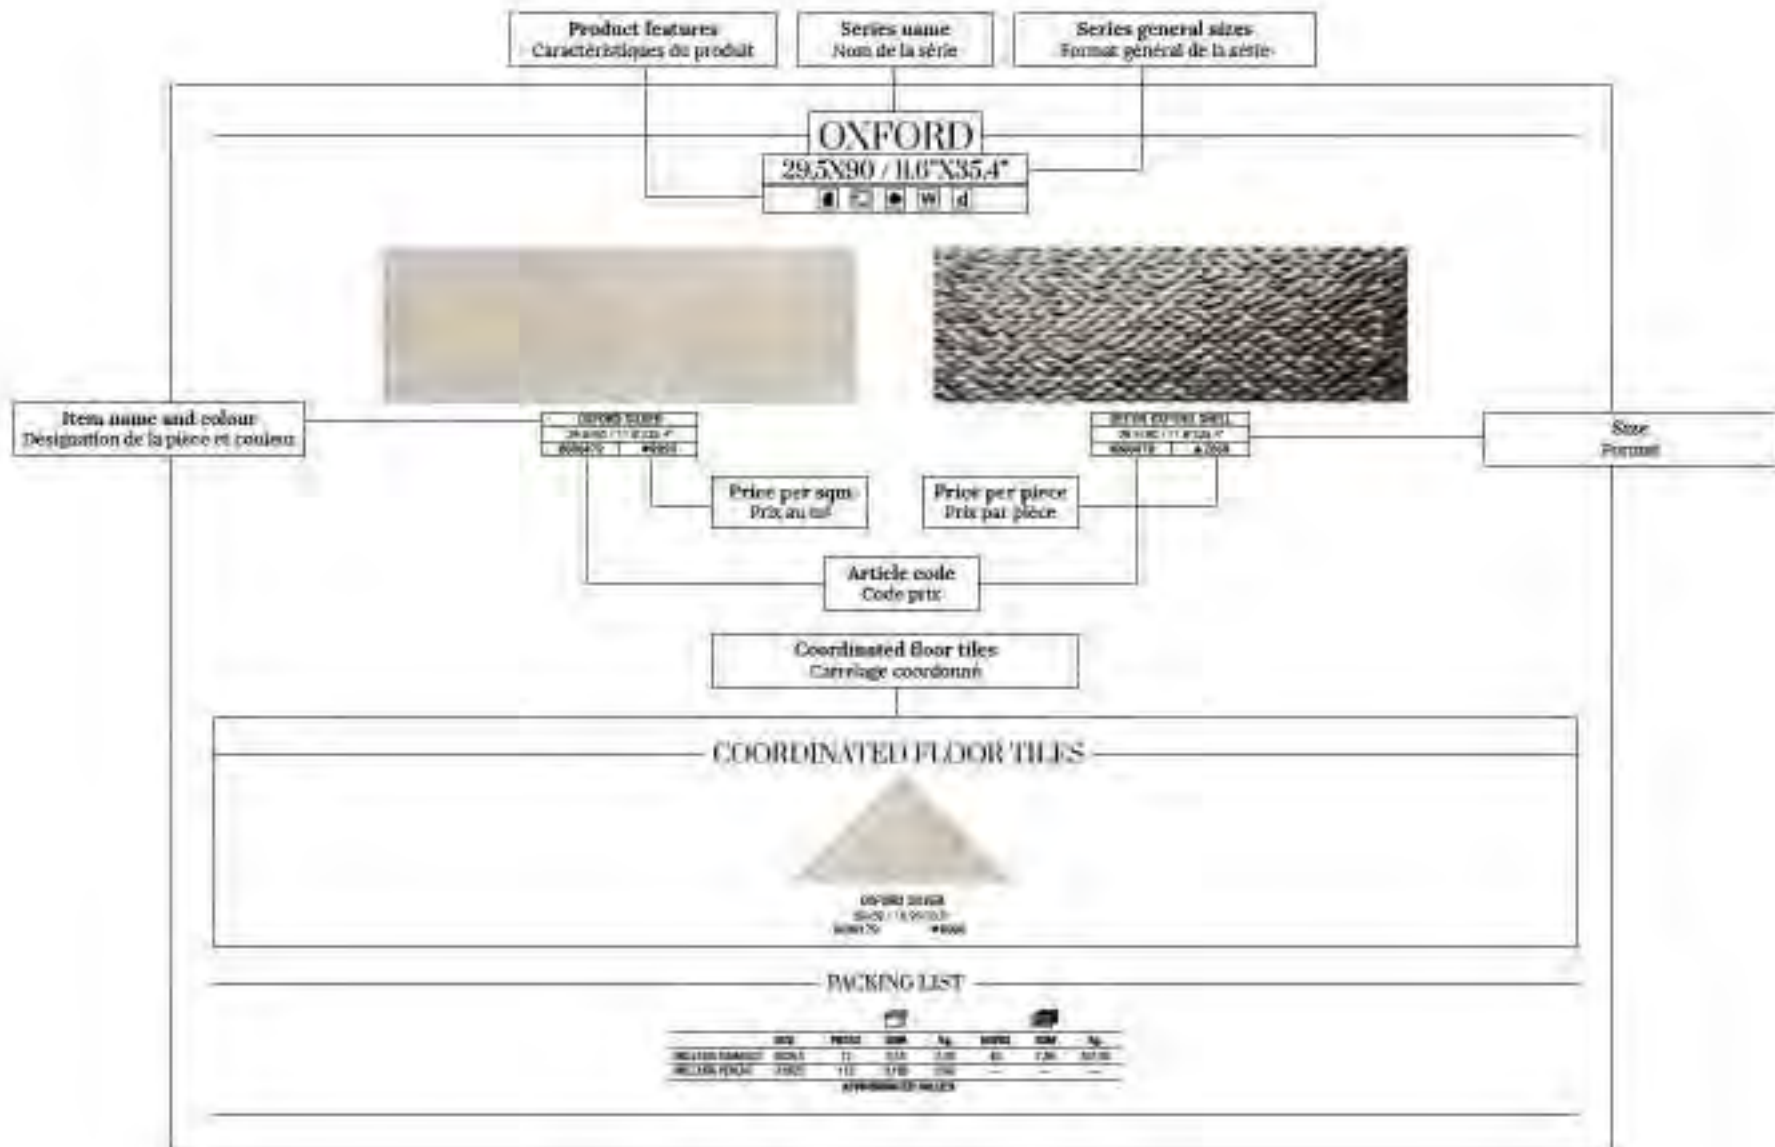

Quality, impact, and aesthetics are not spontaneous, but the result of advanced technology, in-depth research and leading innovation.

# La pureté est le fruit d'une recherche approfondie et d'une conception innovante.

Le fait qu'un produit soit efficace, attrayant et de qualité n'a rien de spontané, c'est le résultat d'une technologie extrêmement poussée, de recherches approfondies et d'innovations.

## SPECIAL PIECES

Pièces spéciales

**Steps:** made with the same ceramic base, mitered and pasted with extremely resistant bicomponent adhesive.

**Mosaics:** made with the same base and coordinating different colours. Sizes 5X5 and 2.5X2.5

**Skirting:** made with the same base, with water cut. This way we can always offer the same shade and caliber as the floor tile supplied.

**Marche et nez de marche:** fabriqués à partir des dalles de sol et collés avec une colle bi-composant haute résistance.

**Mosaïque:** fabriquée avec les bases de 30X90 en combinant les différents coloris.

Dimensions 5X5 et 2.5X2.5

**Plinthe:** coupées avec une scie à eau. Fabriquées à partir des dalles de sol, offrant ainsi la même nuance et calibre que le carrelage associé.
